In 1923 the Beverly Hills Chamber of Commerce was incorporated “to promote the economic, commercial, industrial, civic and social welfare of the people of the City of Beverly Hills and vicinity.”

Today, our mission has evolved to empower businesses to thrive by being an invaluable resource for optimizing connections.

The Chamber is the leading business organization for one of the premier cities in the world--Beverly Hills and our members are connected to an invaluable network of best-in-class businesses, professionals and influencers.

We are delighted to celebrate 100 years of excellence in our best-in-class business destination, Beverly Hills!

Get involved in 2023 as we celebrate our Beverly Hills Chamber of Commerce Centennial.
